We **DO NOT** accept HealthSmart Complete PPO (Centene)

\* We also accept most plans within the Multiplan network, PHCS Network and 1<sup>ST</sup> Health Network.

**\*\* We try our best to verify patients' eligibility and benefits prior to their appointments. However, it is ultimately the patient's responsibility to contact their insurance carrier to verify whether the provider they are scheduled with is in network with their insurance. \*\***

\*\*If your insurance requires a specialist referral, please contact your primary care provider to have one faxed to us. We are unable to schedule an appointment until our office receives the referral.\*\*
